

MEET THE BAIS FAMILY

Sabrina, a dedicated single mother, works diligently to provide her children a safe, and stable environment. Recently Sabrina has experienced concern for her family's safety, with the reoccurrence of violence and vandalism in the neighborhood where she rents a home. Sabrina does not feel comfortable allowing her children to play outside without constant supervision to ensure their safety. The safety concerns are not the only thing weighing heavily on Sabrina; the high cost of rent means she often has to work two jobs to make ends meet. As a result, being able to build the credit needed for homeownership is difficult.

When Sabrina was approved for a Habitat home the dream of homeownership became possible. Finally, stability in a place to call their own is within the family's reach. Sabrina is excited for this next chapter. She is ready to "show my kids that a single mother can succeed and they finally would have all the resources and advantages that they deserve and that I have worked hard to give them."

Habitat for Humanity of Wood County, Ohio, wishes the Bais family success as they embark on a journey to homeownership. The Bais family home is scheduled to be built in 2022, Rossford, Ohio.

About Habitat for Humanity of Wood County Ohio– We partner with individuals and families to help them obtain decent and affordable housing. Habitat Homeowners partner with us to help build their own homes alongside volunteers and pay an affordable mortgage. To date Habitat for Humanity of Wood County has built 45 homes and completed numerous repair projects. You can help families like this one by donating or volunteering with us.
